

## Evaluation of the Program “Technical Assistance for the Improvement of Training Levels at Namibian Maritime and Fisheries Institute (NAMFI)”

Date: 2011

Location: Namibia

Client: Spanish Agency of International Cooperation for Development (AECID)

### Description

Evaluation of the intervention of the Spanish Cooperation in the period 2002-2010 within the framework of this project, which had a budget of 2,686 million Euros and was coordinated by the CETMAR Foundation.

The specific objectives of the evaluation were:

- Impact analysis
- Analysis of the management and the administration of funds, human resources and equipment, as well as the permanence of the beneficiaries and staff of the institution.
- Lessons learned and recommendations regarding the direction of future similar interventions to this project, as well as the means to improve the sustainability of the interventions/activities of the project.
- Analysis of the capacity of NAMFI to provide training adequate to the needs of the private sector.

For the implementation of the evaluation, a program of interviews and meetings both in Namibia and in Vigo was developed.
